

CHURCH SEATS AND CHURCH PEWS

New Styles Cheap and Endurable.

Comfort and Beauty & Combined.

UNTIL the large number of people who are never seen in churches can be assured that every church in this vicinity will have a set of seats that will be clean, comfortable and inviting, they will not be seen inside a church. Many churches will supply this long-felt want if they could do so at prices and on terms within their reach, thus increasing their attendance, drawing on the unusually large number of people who do not attend the churches, and which would evidently result in every service being crowded. A barrier has been in the way in the form of high prices, shoddy goods and no terms. This barrier has been removed by the Church Supply Department of the National Baptist Publishing Board, which has presented the new style church seat (its own creation and its own make). These seats are constructed of the best grade of hardwood. They are built by the best skilled mechanics and have proven to be the most comfortable ever offered at the prices. The terms on which they can be purchased are so easy that any church, regardless of its financial condition, can secure a set of these by a small cash payment, have the seats installed and pay the remainder in monthly or quarterly payments to suit their own financial condition. How long, with such inviting inducements offered, will it be, before every church in and about Nashville will get a set of seats? References can be given to the Nashville churches by referring them to Rev. L. Kirkpatrick, pastor of the St. John Baptist Church, Pearl St.; Rev. J. L. Harding, pastor of the North Third Avenue Baptist Church, both of whom have seated with new style church seats; Rev. G. B. Taylor, pastor of the Second Baptist Church, corner Stevens and DeLuge Sts.; Rev. Wm. Haynes, pastor of Sylvan Street Church, Shelby Avenue, who have installed the church pews.
